About Us

The studio was first created to help young adults and the youth to explore their artistic sides and experience the different mediums of art. Upcolor is defined by flexibility and independence of vision that enables us to work both internally and externally on the confines of the mainstream ideas of the arts. Our shared interest in examining the creative process in all of its variations and situating it within a larger critical perspective drives our work.

Our Beliefs

We believe that everyone has an artist within him and should explore and express this side of him more, as being in touch with your artistic side brings you peace and serenity.

• Vision

We want to serve as a hub for artistic activity, bringing together professionals and the youth in an environment that fosters innovation, teamwork, and exchanging artistic information and skills.

• Mission

We aim to be a driving force in the artistic community in Egypt where we bring people together to create artistic pieces and learn new skills and hobbies. We also aim to support a diverse range of artists' practice, providing affordable studio facilities and resources for artists.

Our values

We are keen to provide an inclusive space for everyone to enjoy the beauty of art, Up-Color values flexibility, indicating an openness to adapt and evolve in the art world

● Youth Empowerment

Up-Color values empowering young adults and the youth by providing them opportunities to explore their artistic sides.

● Artistic Exploration

The studio encourages artistic exploration by allowing individuals to experience different mediums of art.

● Independence of Vision

The studio emphasizes an independent and unique artistic vision that is not confined by mainstream ideas.

● Inclusivity

Our studio values inclusivity by welcoming both internal and external perspectives in our work.

What We offer

01. workshops

We offer over 60+ different workshops and courses that are engaging, educational and artistic

02. Art Space

Our studio is open as an art space for multiple activities, we have on-going activities like coloring on different items and we operate as a co-working space
